MEMORANDUM FOR THE RECORD

SUBJECT : OMS Action on IG Survey Report Recommendation

REFERENCE: Memorandum from D/MS to DD/S, dated 16 Aug 68, Subj:
Inspector General's Survey of the Office of Medical
Services, July 1968

25X1A 1. [] SA-DD/S, phoned today to inquire when the study mentioned in the OMS reply to Recommendation No. 7 (Establishment of a Medical Services Division, etc.) and contained in referent memorandum would be completed. He explained that he was now preparing a reply to the Executive Director-Comptroller for the DD/S that would be sent to the former by 31 August. DD/S wants to reflect a date by which the OMS-DDS position would be forwarded to Colonel White on Recommendation No. 7.

25X1A 2. I indicated to [] that the study referred to was still underway, that we met last week and will meet again this week, and that I really could not say exactly when it would be completed. In response, however, to his stated need for a date, I suggested that the study would be completed by 1 November 1968.

25X1A 3. This was acceptable to [] who indicated that, based on this date, the DD/S' present communication to the Executive Director-Comptroller would reflect 15 November 1968 as the date by which DD/S would be prepared to report more definitively on this recommendation. 25X1A [] added that these dates might be adjusted later if this becomes necessary.

25X1A []
Executive Officer
Office of Medical Services
